I. A. O. 23. Bands and Messes—War Office letter No. 103|General|2955 (A.G.-4-C.), dated the 9th December 1927, regarding the acceptance of band engagements, is reproduced below

I am commanded by the Army Council to inform you it has been ascertained that recently Band engagements have been accepted by certain units through a musical Agent, contrary to the conditions of paragraph 1440, King's Regulations

On each occasion it is considered that any enquiry into the true status of the person offering the engagement would have avoided any breach of the regulations

I am therefore to inform you that Band engagements may only be entered into with a corporation or person acting as a principal, and that proper care will invariably be exercised, to ensure that no private engagement is accepted through any intermediary

I am to say in conclusion, that should any further cases of proved non-compliance with regulations on this point be brought to the notice of the Council, they will consider the advisability of disciplinary action.

The range of wages is wide but may be taken to vary approximately from £3 to £10 a month. In addition to their wages farm workers receive free board and lodging A hard working man who shows capability and capacity for thrift should have a reasonable chance after 3 or 4 years of being in a position to set up on his own. In this connection it should be borne in mind that over 60 per cent. of the farmers in Canada to-day started as farm hands.

The Immigration Authorities require particulars of applicants before vacancies can be allotted.

Men who are given guarantees of employment before leaving India will be granted free passages to the port in Canada nearest to their place of settlement.

INDIA ARMY ORDERS

I. A. O. 62. London Gazettes of the 27th and 30th December 1927, together with the supplement to the latter, were received at A. H. Q, Delhi, on the 23rd January.

I. A. O. 63. Army School of Physical Training, Ambala.—A list of students who qualified at the 4th British short course, 1927, held at the Army School of Physical Training, Ambala, from 5th November to 16th December, is issued with this Order.

20466-II|G.S., M.T.-1.

I. A. O 64. Regimental Conferences—Indian Army.—The annual regimental conference of the following regiments will be held on the dates and at the stations shown against them :—

Regiment.	Dates	Station
2nd Punjab Regiment	.. 10th February 1928	.. Multan.
17th Dogra Regiment	.. 27th-29th February 1928	Jullundur.

A.-42804|A.G.-2.

I. A. O. 65. Supply of other ranks instructors for the Signal Training School and the Signal Workshop Section—Signal Training Centre, India.—With effect from 1st April 1928 the provision of assistant instructors for the Signal Training School and the Signal Workshop Section will be governed as follows —

(i) The Officer Commanding, Signal Training School, will maintain a roll of suitable non-commissioned officers and men of all ranks. The fact that a non-commissioned officer or man has been placed on this roll will be communicated to the Officer Commanding the unit concerned and the Officer-in-charge Records, Signal Training Centre, India.

(ii) At a future date—not within six months from the date on which the name of the non-commissioned officer or man has been placed on the roll—the Officer Commanding the unit concerned may be warned that the non-commissioned officer or man will be required as an assistant instructor : not less than three, and, if possible, at least six months warning will be given.

On receipt of a notification the Officer Commanding the unit concerned will forthwith arrange, if necessary, to train an r derstudy for the selected non-commissioned officer or man, that the latter may be available at the expiration of the od of warning.

eptional cases the Officer Commanding the unit con- d may represent a case for the retention of a non- ssioned officer for consideration ; such representation forwarded through the Chief Signal Officer of the d to the Commandant, Signal Training Centre, ose decision must be accepted as final.

1st February 1928.

(v) Tours of duty of assistant instructors at the Signal Training School will be two years, and with the Signal Workshop Section three years; these periods may be extended to three and four years, respectively, at the discretion of the Commandant, Signal Training Centre, India.

(vi) The Officer Commanding, Signal Training School, will forward to the Officer-in-charge Records, Signal Training Centre, India, on the first day of each quarter (1st January, 1st April, 1st July and 1st October), a roll of non-commissioned officers and men to be relieved during that quarter, and the names of the non-commissioned officers and men required in relief. The Officer-in-charge Records will then issue formal posting orders.

The postings will have effect for pay purposes from the 1st day of the month following the arrival of the relief.

(vii) Whenever possible a non-commissioned officer of the correct rank will be called for to fill an existing or impending vacancy; but, where this is not feasible, a non-commissioned officer of the next lower rank may be requisitioned, who should, if possible, be of such seniority as to ensure a reasonable possibility of his receiving promotion in the ordinary course of events, previous to the termination of his tour of duty at the Signal Training School or with the Signal Workshop Section.

(viii) A non-commissioned officer posted to the Signal Training School or Signal Workshop Section to fill a vacancy in a rank or appointment above that held by him immediately prior to being posted, will be granted the acting (paid) rank or appointment which he is nominated to fill, provided a vacancy exists within the authorised peace establishment of the different ranks of the Indian Signal Corps as a whole. Approval to the grant of paid acting rank must invariably be obtained from the Commandant, Signal Training Centre, India.

2. The following rules will apply to normal (Corps) promotion in the case of non-commissioned officers employed on the Signal Training School staff or with the Signal Workshop Section :—

(i) If a non-commissioned officer [illegible] promoted and cannot be absorbed into the establishment of his new rank [illegible] or Signal Workshop Section, he will be posted to a signal unit for duty within three months of the date on which the promotion is promulgated; a relief being arranged as indicated above. Alternatively, he may be retained and absorbed into the establishment of his new rank, another non-commissioned officer, who is near completion of his tour of duty, being posted away and a relief arranged to fill the vacancy in the lower rank.

(ii) If a non-commissioned officer receives promotion above the rank of serjeant he will be posted to the unit in which the vacancy occurs within one month from the date the promotion is promulgated.

1st February 1928.

3 Normally, paid lance serjeants, corporals and lance corporals will be selected for vacancies as serjeant, lance serjeant and corporal, respectively, when the correct ranks are not available: but exceptionally selected corporals, lance corporals or signalmen may be employed. Lance serjeants and lance corporals will retain their original seniority as such and signalmen will be given the first vacancy for a paid lance corporal's appointment within the establishment of the Signal Training School or Signal Workshop Section

4 The above principles will apply *mutatis mutandis* to Indian other rank instructors

A.-43649|A.G.-3.

I. A O 66 Dress—Helmets.—It has been noticed that some officers are wearing helmets of an unauthorised pattern.

The correct pattern of helmet is laid down in paragraph 32, Dress Regulations (India)

2 Pith hats, of universal pattern may be worn by British officers at plains stations during the hot weather when parading with troops wearing this pattern of head-dress (*vide* Table 1, Clothing Regulations, India, 1919), provided all ranks on parade are dressed alike.

British officers of the Indian Army may also wear this pattern of head-dress at fatigues, on the range, at camps of exercise and during the hot weather at the discretion of District Commanders

3 No deviation from existing patterns will be permitted.

4 Helmets or pith hats will be worn out of-doors between one hour after sunrise and one hour before sun-set, but District Commanders may alter this period to suit local conditions in consultation with the local medical authorities. Such local orders must be rigidly obeyed.

A.-46791|A.G.-9.

I A O 67 Railway Warrants—Issue of—The issue of railway warrants by Officers Commanding Stations and Station Hospitals, under the authority of clauses 2, 3 and 5 of paragraph 101, Army Regulations, India, Volume X, to pensioners of Ministry of Pensions, the cost of which is chargeable to that Ministry, is irregular.

Controllers of Military Accounts are the only authorities empowered to issue warrants to this class of pensioner

65026|Q M G.-2

I. A. O. 68. Allotment of Family Quarters in Hill Stations.—In supersession of India Army Order No. 25 of 1927, surplus family accommodation in hill stations of the Northern Command will be allotted as under :—

Eastern Command	..	..	..	48
Southern Command	..	..	..	22

55887|Q.M G.-3.

1st February 1928.

I. A. O. 69. Cartridges S. A. A. Blank .303-inch on charge of Infantry Battalions—There is no necessity for units to maintain the whole allotment of "Cartridges S. A. A. Blank .303-inch" in unit charge but only the quantity actually required for use need be held.

2. Officers Commanding will ensure that the amount on hand is gradually reduced by non-replacements.

66590|Q.M.G.-12.

I. A. O. 70. Military Widows' Fund, British Service.—The main object of the fund is to provide sums of money for widows and children of subscribing officers of the British Service serving on the Indian Establishment.

2. The rates of subscription and the awards admissible are :—

	Rate of subscription per quarter.	Amount payable at death to widow.
	Rs.	Rs.
Substantive Lt.-Col. and above	10	12,375
Substantive Major	8	10,575
Capt. or Lieut.	6	8,775
For children, the amounts payable are :—		
Each child dependent on the widow above 12 and under 21 years		1,125
Each child (including posthumous children) under 12 years		750

The above awards are payable whether the widow is residing in India, or not, at the time of death of the husband.

The children of a widower subscriber who dies, receive the amount admissible to a widow, in addition to the rate fixed for the children.

3. These benefits must be admitted to be very generous when compared with the small premiums payable while an officer of the British Service is serving on the Indian establishment. Although the fund is advertised in all journals, the Home and Indian Army Lists, its benefits do not seem to be fully realised, as of the married officers with British units in India on the 31st December, 1927, eligible to be members of the Fund, only 30 per cent. are subscribers.

H. E. the C.-in-C. wishes Officers Commanding British Units in India to draw the attention of all married officers under their command to the benefits which membership confers on widows and children.

Applications to join the Fund and for copies of the Rules will be addressed to :—

The Secretary,
Military Widows' Fund, British Service,
Delhi (till 25th March 1928).

1st February 1928.

I. A. O. 75. Furlough and Leave, Officers.—The grant of leave to British Service officers pending reversion to the Home Establishment will be governed by the rules in paragraph 895, Regulations for the Army in India. The grant of leave under Indian Regulations pending reversion will be inadmissible :—

(i) when an officer is transferred *on duty* from an appointment in India to another appointment under the Imperial Government In such cases the officer will be regarded as travelling direct from duty to duty and will be restricted to British rates of pay for duty out of India from the date of embarkation ;

British Service officers (other than Cavalry, Artillery and Infantry officers who have served regimentally in India) proceeding from India to rejoin the British Establishment will be furnished with a certificate stating the period and nature (*i.e.*, whether privilege or on private affairs) of any leave taken since the 1st April prior to their return, including any periods of leave which began before the 1st April, but which ended after that date. A.-47361|A.G.-11.

I. A. O. 77. Passages—Overage Sons—Departmental officers of the commissary class, Quartermasters of the Indian Corps of Clerks (British Wing), departmental warrant officers and warrant officers of the Indian Corps of Clerks (British Wing) who are, or were, entitled to the leave passage concessions, are ineligible for the grant of not-entitled passages for themselves or any members of their families.

The practice of providing special not-entitled troop deck passages for overage sons of the officers and warrant officers mentioned above when finally leaving India has now definitely ceased and only payment passages will be granted

Officers or warrant officers concerned must definitely decide, before their sons become "overage", whether they will send the boys home before they attain the age of 16 years, and apply for advance passages under the concession rules, or accept the consequences of keeping them in India.

The most common methods of tampering with the usual beam scales and their weights are :—

(a) By affixing a weight to the bottom of one side so that the scale is not quite true.

(b) By lessening the weight on the side which carries the weights (by chipping bits off the platform or by removing the lowest links of the chains).

(c) By hammering the pointer slightly to one side.

(d) By lengthening the arm on the side on which the articles are weighed, usually done by heating and hammering out the curved portion with the slot in it.

(e) By cutting holes in the bottom of the weights, and filling them up with lighter material

Defects (a) and (b) are easily detected by the beam not being level when there are no weights on either side The result of (d) is that owing to the extra leverage gained thereby, goods appear to weigh heavier than they really do.

2 Officers commanding units will have their ration stand scales and weights thoroughly inspected and verified.

Weights can be tested by the loan of the standard weights and measures obtainable from the Indian Army Service Corps.

I A O 186 **Royal Artillery Station Messes Fund.**—The balance sheet and revenue account of the Royal Artillery Station Messes Fund for the year ended 31st December 1927, is published as an Annexure to this Order.

I. A O 187. **Discharges—B. A**—The following War Office letters are published —

(1)

No 19/Employment/220 (D/A G -1-c), dated the 5th December 1927.

I am commanded by the Army Council to inform you that, they are of opinion that the existing system whereby annual assessments in Army Form B -2066 (Employment Sheet) are subsequently recorded in Army Form B -108 (Certificate of Service) is not always in the best interests either of the ex-soldier, when seeking employment, or of the potential employer

2 It has been decided therefore to discontinue the practice, and instructions will be issued in due course regarding the cancellation of pages 2 to 5 in Army Form B.-108 (Certificate of Service), and provision of more adequate space for recording a fuller testimonial, which should take the form of a complete and balanced estimate of the soldier's worth from the point of view of the employer.

These testimonials will be based on a summary of the annual assessments recorded in the Employment Sheet, combined with the C. O.'s personal knowledge of the soldier concerned. It will be realised therefore that the responsibility of the Commanding Officer in respect to the assessment of testimonials will in future be enhanced and that compilation will require the most careful consideration so that neither the interests of the soldier nor the employer are unduly prejudiced. It is

important too that testimonials should be couched in terms readily understood by the average employer of labour

3. I am to say that the change of procedure outlined above in no way minimizes the importance of a careful preparation of the annual assessments in Employment Sheets. On the contrary, the necessity to a Commanding Officer of a well kept Employment Sheet when compiling the final testimonial, accentuates it, and the Council are of opinion that more attention should be paid to this work by junior officers than has been the custom in all cases in the past

In this connection I am to say that the importance of a periodical scrutiny of Army Form B-2066 by Commanding Officers as a means of training junior officers in making correct assessments, should not be lost sight of, and further, that these Employment Sheets should be a subject for the attention of Inspecting Officers, when holding annual inspections.

4. I am to say that pending the issue of the instructions referred to in paragraph 2 of this letter, no change in the method of preparing A. F. B.-108 will be made.

(2)

No. 19|Employment|220 (D.|A.G.-1-e.), dated the 11th February 1928

In continuation of War Office letter of even number dated 5th December, 1927, I am commanded by the Army Council to inform you that, with effect from the 1st May, 1928, it has been decided to discontinue the existing system whereby annual assessments in Army Form B.-2066 (Employment Sheet) are subsequently recorded on pages 2 to 5 in Army Form B-108 (Certificate of Service).

I am to say that pending the revision of Army Form B.-108 (Certificate of Service), and in order that existing stocks may not be wasted, it has been decided to cancel pages 2 to 5 of the Certificate. For this purpose special gummed slips have been printed headed "Slip for Army Form B.-108" for attachment to these pages on and after 1st May, 1928 until the existing stocks of Army Form B-108 are exhausted.

It is pointed out that 2 slips will be required for each Certificate of Service (Army Form B.-108), *i.e.*, one for attachment to page 2 and one for page 4.

In order to ensure that the procedure outlined above should not be delayed in the case of units serving abroad a supply of gummed slips is forwarded herewith for distribution to Officers Commanding Units. Any further supplies required should be indented for in the usual manner. Officers Commanding Units at Home should indent upon the Army Forms Depot for quantities of the slips as required

I am further to request, in consequence of the change of procedure outlined above, that paragraphs 2 and 3 of War Office letter No. 19-Emplt|220 (D.|A.G.-1-e.), dated 5th December, 1927, may be brought to the notice of all concerned.

I am to add that it is not proposed to amend the present King's Regulations, but the necessary amendments will be made to the revised edition of the regulations, now in course of preparation.

2. The gummed slips referred to are maintained at Army Headquarters. Officers Commanding Units and formations will submit in

for these slips as required direct to the Adjutant General in India, and as the supply is limited the actual number required should not be exceeded in the demand.

I am directed to inform you that cases have recently been brought to notice in which Army Forms L-5033 have not been enclosed with the documents of soldiers arriving in a Command on transfer, or change of station, and I am, therefore, to request that the attention of Officers Commanding Units be directed to the provisions of paragraph 1700, King's Regulations.

I. A. O. 191. Refund of Income-Tax to Soldiers leaving India.—Central Board of Revenue circular memorandum C. No. 3 of 1928|130-I.T|28, dated the 15th February 1928, is reproduced below.

The Central Board of Revenue understands that a great deal of avoidable correspondence arises regarding refunds due to British Warrant and Non-Commissioned Officers and Soldiers who leave India in the course of a year either on transfer Home or to other Foreign stations, or to the pension list or on discharge in such circumstances that their total income during the year in which they leave the country is less than Rs. 2,000, or is liable to tax at a lower rate than that at which tax has been deducted

26th March 1928.

e Board therefore directs that on receipt of timely information Commanding Officer that any British Warrant or Non-Commis- ficer or Soldier will leave India on a certain date, and either or is not likely to, return before the end of the current official officer-in-charge of the Salary Circle—or other Income-Tax Officer —should at once compute whether any refund will be due to ccount of the tax deducted from his pay during the current ear, (as well as on account of the previous year if any refund ccount is due) and issue a refund order for the amount due o claim may be settled before the claimant embarks.

"**Instructions regarding the method of fitting covers waterproof to 30-cwt lorries.**

The method to be adopted for lashing the cover in position is given in the sketch issued as an Annexure to this Order, which is self-explanatory

2. The cover is placed equally over the tilt hooks, the edge marked FRONT being towards the cab, with the holes through which the long ropes are spliced, approximately six inches from the front end of the body

The sides are then lashed securely by passing the long rope alternatively under the hook and through the eyelets, and the ends of the ropes back-threaded and reeved as indicated in the diagram.

The cover is then folded envelope fashion over the front of the body and securely lashed by passing the short ropes over the hooks on the front of the body and passing the ropes round the cleats provided underneath the body, at the corners.

3. If it is desired to close the rear of the body a similar procedure to that for the front is carried out.

9th May 1928.

4. In order that the cover should not blow out in rough weather, the short ropes may be back-threaded through the eyelets in the short side of the cover, which when folded, lie across the body, before passing the lashing rope round the hooks and cleats ".

I. A. O. 308. Procedure to be followed in the loan of the services of military personnel to civil departments.—A case has occurred in which the services of an Indian soldier have been loaned to a civil official without the prior sanction of the Government of India. Such procedure is irregular in that Army Estimates continue to be charged with the cost of a soldier who is performing civil duties. All charges on account of the soldier, including pension contribution, in such cases are normally a charge against the civil department employing him.

2 Whenever a civil official or an Indian State applies for the services of Indian Army personnel, previous sanction to such employment must be obtained from Army Headquarters.

3 This order does not apply to guards furnished for civil officials and institutions under existing orders.

I. A. O. 337. Ceremonial.—On its departure from India, His Excellency the Commander-in-Chief in India wishes to place on record the deep obligation of the Army in India to the Royal Army Service Corps.

During the Great War it was necessary to increase the scope of the Mechanical Transport then in India and the Imperial Government were requested to send out representatives of the Royal Army Service Corps to carry out the work.

The members of the Royal Army Service Corps, who came to India, have worked with such loyalty that they have brought into being a service which the Indian Army Service Corps will be proud to maintain.

In doing this they have carried out the traditions of their Corps at the cost of nine officers and one hundred and sixty-three other ranks who have died in this country.

In saying farewell to the Royal Army Service Corps, His Excellency takes the opportunity to welcome those members of the Royal Army Service Corps transferring to the Indian Army Service Corps.

They are coming into a Corps which is imbued with the same traditions as that which they have just left. Those traditions are 'service for others, whatever the risks that may be entailed'.

I. A. O. 338. Preparation of Vouchers for Ordnance Stores returned by units.—Officers Commanding units will ensure that vouchers for stores

2. Whilst in New Zealand the officers selected—

(b) will receive their ordinary rates of pay and allowances, and travelling allowances in New Zealand at local rates; and

(c) may be granted leave by the New Zealand authorities as follows,—

(i) privilege leave for 30 days every year extensible to 60 days when recommended on grounds of ill health; and

(ii) casual leave limited to two periods of ten days each year.

3. Names of officers—

(a) who volunteer for this duty;

(b) who are suitable for both administrative and training duties; and

* In addition to the allotment shown above for a Q. F. 4.5" How. battery 35 rounds of Q. F. 4·5" smoke shell per *Brigade* is authorised, and 200 rds. of Q. F. 4·5" smoke shell will be provided for experiments at yaru, which amount includes the 35 rds. for the XIV Field Brigade R. A. at Quetta.

‡ The Light Battery (Q. F. 3·7" How.) to be located at Kabul will expend 2/3 rds. of its allotment of ammunition whilst in camp and 1/3rd at the School of Artillery.

Notes.—1 Ammunition which has been sanctioned for early expenditure will, in some cases, be issued to batteries for expenditure at practice, when they will be so informed by Chief Ordnance Officers. Orders for early expenditure must be strictly adhered to.

2 As far as possible ammunition of oldest dates must always be used up first.

3 Units will examine all Q F. 13 and 18 pdr cartridge cases for practice after arrival at practice camp, and in the case of Defences within one week of practice, for visible cracks in the base Any such cracked cases will be set aside and reported to the arsenal on which dependent.

4 R H. A Ammunition Columns will supply their affiliated batteries.

5 The 23rd Field Ammunition Column, Royal Artillery, will supply the field batteries at Nowshera and Peshawar. The 1st Divisional Ammunition Column R. A., those at Rawalpindi and Cambellpore and the 2nd Divisional Ammunition Column R. A. those at Hyderabad (Sind). All other batteries will demand ammunition from their supplying arsenals.

6 The ammunition for Q F. 13 pdr. and 18 pdr. guns and 4·5" Howitzers in "Other Defences" is allotted in bulk to Commands for distribution as desired

7 Where the Officer Commanding Garrison of a Defence Post considers that practice with Q. F. 13 pdr. or 18 pdr. H. E. ammunition full charge would be dangerous to the occupants of neighbouring villages, he should apply for the issue of reduced charges in lieu.

8. If shot practice or projectiles practice for B. L. 7·5" 6" Mark VII Q. F. 4·7" and 6" 25 cwt. Howitzers are not available, base plated shell will be used.

9. "Projectiles practice B. L. 6" Howr. Light iron Marks I or III" (I. L C 6141 and 10075) will be fired by the 6" 25 cwt. Howitzers that form the armament of Lucknow and Allahabad Defences Fuzes D. A No 17 will be issued for use with these projectiles.

10 Q F 4·5" Howitzers will fire cartridges containing Contractors cordite first, these may be 14 oz. (I. L. C. 7617) or 15 ozs 14 drs cartridges subject to the proviso that the oldest dates will be used up first. Range Table 40/(W6)/9039 is suitable for the 14 oz. cartridge except when using the 1st charge, but as the 1st charge is practically never used it is not anticipated that Battery Commanders will be caused much inconvenience thereby.

11. B. L 2·75" cartridges containing R. D. B. Cordite must be issued and expended first, and 7 oz. 9 drms. cartridges will be issued and expended before 8 oz. 10 or 12 drms. cartridges.

12. It is expected that Fuzes D. A. No. 44 will be available before practice commences, in which case Battery and Fort Armament Commanders will be called upon to fire a certain amount of Q F. 4·5" H. E. Shell having g. s. gauge fuze-holes in conjunction with the No. 44 Fuze in lieu of a similar number of Q. F. 4·5" H. E. shell with 2 inch fuze holes and the No. 106-E. or 109-E. Fuzes.

13. Shell B. L. or Q F. H. E. Practice (Columns 7 and 8) are H. E. Shell converted to take the 109-E Practice Fuze. See I. L. C. 12208. These fuses, which are converted from 101-E. by arsenals, are issued in lieu of 101-E. fuzes with gaines as a safety measure. H. E shell are to be converted to practice shell by units in accordance with the method laid down in "Instructions for fuzing and unfuzing shell." If this pamphlet is for any reason not available, application should be made to District or Brigade Headquarters for a copy.

14 In view of the need for economy every care must be taken to ensure that empty cartridge cases, plugs and clips are returned in good condition. They must be carefully handled and packed in wooden boxes, with suitable packing material, for return to arsenal.

I. A O. 360. Courses at the Army School of Education—Indian Wing.—It has been found that, in order to train the requisite number of young non-commissioned officers as educational instructors, and at the same time to educate the more senior students who are too mature to train as instructors, but whose military efficiency will be greatly increased by a course of education, it is necessary to divide Indian students at the Army School of Education (India), Belgaum, into two categories and to arrange for their instruction accordingly.

2. The courses at the Indian Wing of the Army School of Education will, therefore, with effect from the 30th July 1928, consist of two separate courses as under:—

(*a*) *Instructors Course.*—Students will be young N C. Os who have not more than 8 years' service on the date on which the course commences (exclusive of boy's service).

(*b*) *Senior Course.—Indian Officers and Senior N. C. Os.*—Students will be Indian officers and Havildars or Duffadars They must not have more than 15 years' service on the date on which the course commences (exclusive of boy's service)

In the case of the July Courses only, the service limits for these two courses may be waived at the discretion of General Officers Commanding Districts.

3. Annexure to India Army Order No 693 of 1927 in so far as it relates to the Army School of Education, II-Indian Wing (*b*) 3rd Term, is cancelled, and revised allotments of vacancies for the courses referred to in paragraph 2 above are given as Annexure "A" to this Order.

4 The short course for Assistant Instructors mentioned in Note 1 of the Annexure to India Army Order No. 693 of 1927, Army School of

Education, II-Indian Wing (b), will be discontinued with effect from the 30th July 1928.

5. The syllabus for the Senior Course is given as Annexure "B" to this Order.

6. English will be included in the Instructors Course, but instruction in the duties of Battalion, etc, Intelligence personnel will be discontinued

7. Students who qualify at the Instructors Course will be eligible, as hitherto, to hold the appointments of Educational Jemadar or Havildar. Students who complete the Senior Course will not be eligible unless their certificates are specifically endorsed to that effect by the Commandant, Army School of Education (India).

8. Before the end of their course, students will be examined in the syllabus of the 1st Class Certificate of Education and in the Preliminary English Examination.

These moves are mainly due to the appointment of officers to officiate in short period vacancies. In making their selections sanctioning authorities will, in the interests of economy, bear in mind the necessity for the curtailment of the movements of officers as much as possible.

This also applies to officers selected to fill appointments in Corps, Departments and services who will be selected from the locality in which the vacancies occur, or from the nearest possible station

I. A. O. 369. Annual Range Courses' Rifle and Light Automatic (Regular Army)—Method of computing figure of merit.—1. The best shooting squadron or company in a regiment or battalion of the regular army will be determined on the proportion of marksmen, first, second and third class shots in the rifle, and on the proportion of 1st and 2nd class gunners and unqualified men in the light automatic, to the total number of men who should be classified in the rifle and light automatic.

2 In order to determine this proportion, marks will be allotted as follows :—

Rifle		*Light Automatic.*	
Marksmen	.. 10 marks.	1st class Gunners	.. 8 marks.
1st class shots	.. 8 marks.	2nd class Gunners	.. 2 marks.
2nd class shots	.. 2 marks.	Unqualified *minus*	10 marks
3rd class shots *minus*	10 marks		

3. The figure of merit will then be obtained as follows :—

(i) *Add* the total number of firers who should be classified with the rifle, to the total number of firers who should be classified with the light automatic.

(ii) *Add* the total number of marks obtained, as in para 2 above, for the rifle, to the total number of marks obtained for the light automatic.

(iii) The total arrived at under sub-paragraph (ii), divided by the total arrived at under sub-paragraph (i), will give the squadron or company figure of merit.

16th June 1928.

(iv) For the purpose of arriving at the figure of merit, first, second and third class shots will only count on their final classification as such, *i.e.*, after such repetition as may be authorised by regulations.

4. (i) Trained soldiers exempted from firing Part II, Table "B", who retain their classification as marksmen in Part I, will be included as marksmen for the purpose of allotting marks and for computing the number of firers

(ii) Similarly all trained men, not exempted by the regulations, who for any reason do not fire the prescribed course, will be included in the number of 3rd class shots or unqualified light automatic gunners for the purpose of deducting marks and for computing the number of firers.

5. The regimental or battalion figure of merit will be computed in the same manner as the company figure of merit

Army Order No. 46 of 1928.

Unemployment Insurance Acts Application to Soldiers—1 In view of the passing of the Unemployment Insurance Act, 1927, the existing instructions regarding the application of the Unemployment Insurance Acts to soldiers have been revised and with effect from 19th April, 1928, will be as follows :—

2 *Nature of provision made for soldiers.*—The Unemployment Insurance Act of 1920 extended the contributory scheme of unemployment insurance generally to all civilians falling within the National Health Insurance Scheme (with certain exceptions, in particular Agriculture and Private Domestic Service). While a soldier is serving with the colours his employment is continuous, and insurance against unemployment is therefore unnecessary, but after he is discharged or transferred to the Reserve, he must, like other civilians, be insured against unemployment. In the absence of any special provision for soldiers he would be unable to draw any benefit for periods of unemployment until he had been engaged in an insured trade,

and a specific number of contributions had been paid in respect of him. To meet this difficulty and to provide for the possibility of unemployment occurring in the period immediately following discharge or transfer to the Reserve, arrangements have been made for all soldiers of the categories given in paragraph 4 below, discharged or transferred to the Reserve on or after 19th April, 1928 (except those excluded from the benefits of this paragraph under paragraph 5 below) to be credited on discharge or transfer to the Reserve with 30 contributions, payments being made from Army Funds to the unemployment fund accordingly. No recovery will be made from the soldier's pay. The contributions so credited will put the soldier in the same position on his return to civil life as a civilian who has a substantial period of insurable employment to his credit.

3. *Amount of benefit.*—The amount of unemployment benefit will, with effect from 19th April, 1928, be 17*s.* a week for a single man and 24*s.* a week for a married man with an additional 2*s.* a week for each child. On and after 6th July, 1928, benefit will, except in certain circumstances, be at reduced rates for a man under the age of 21 years.

4. *Classes of soldiers eligible.*—The provisions of this Army Order apply, subject to paragraph 5, to—

(*a*) Soldiers of the Regular Forces belonging to units, the depots of which are situated in Great Britain or Northern Ireland; and

(*b*) European soldiers transferred, or appointed, from units the depots of which are situated in Great Britain or Northern Ireland, to serve with units raised elsewhere.

5. *Classes of soldiers excluded.*—No payment will be made by the Army Council to the unemployment fund in respect of, and no contributions will be credited to—

(*a*) Soldiers whose discharge is carried out under the following sub-paragraphs of paragraph 363, King's Regulations, 1923: (i), (ii), (iii) (iv), (v), (vi), (vii), (viii), (ix) (*a*), (*x*), (*xi*), (xii), (xiii), (xiv), (xvii), (xix), (xxii) and (xxviii).

(*b*) boys whose age on discharge is under 16 years

(*c*) Soldiers transferred to the Reserve under the following sub-paragraphs of paragraph 362, King's Regulations, 1923:—(ii) (*c*) and (ii) (*e*) (i).

6 *Procedure.*—(*a*) *Soldiers whose discharge or transfer to the reserve is authorized and carried out at home.*—The officer who authorizes the discharge under paragraph 363, King's Regulations, 1923, or the officer who authorizes transfer to the Reserve under paragraph 362, King's Regulations, 1923, will arrange for Ministry of Labour Form U. I. 3|X.S. to be completed by the O. C. the man's unit in respect of each soldier eligible for the credit of contributions, and signed by the soldier, as soon as it has been decided to carry out his discharge or transfer to the Reserve. If a soldier is disqualified under paragraph 5 above from receiving the credit of contributions, the O. C. unit will so inform him at the time of discharge or transfer to the Reserve. Special care will be taken to ensure that the address given on the form is a full postal address, and is the address to which the soldier desires that his unemployment book should be sent. This is important from the point of view both of the Ministry of Labour and of the soldier himself. In the event of the soldier being unable to give

16th June 1928.

any definite address he should be asked to give the name of a post office to which his unemployment book may be sent *poste restante*, and where he will in due course apply for it. Attention is also drawn to the slip U.I. 69, which accompanies the Form U.I. 3|X.S, and care should be taken to ensure that the man's signature is obtained in the space provided thereon for that purpose This slip should be attached in each case to the relative Form U.I.3|X.S. It is most important that the particulars on the Form U.I.3|X.S should be entered in ink, not pencil. On the date of approval of discharge or transfer to the Reserve, the completed form will be forwarded to the officer i|c records with the remainder of the solder's documents and the officer i|c records will complete the certificate* on the form and forward the latter within 24 hours of receipt to the Assistant Accountant-General, Finance Department, Ministry of Labour, Kew, Surrey In the event of no Form U.I.3|X.S., being received for a soldier who is eligible for the credit of contributions, the officer i|c records will at once call upon the O. C. unit to furnish a form. It is essential that the forms should reach the Ministry of Labour without delay to enable an unemployment book to be issued to the soldier within one week of the date of discharge or transfer to the Reserve.

A memorandum in the following terms will be issued by the officer i|c records to each soldier who is eligible for the credit of contributions :—

> "The Ministry of Labour has this day been requested to credit you with 30 contributions under the Unemployment Insurance Acts, 1920-27. No stamped cards are issued to you from this office. If you are unable to obtain employment and wish to claim unemployment benefit you should apply to the nearest local office of the Ministry of Labour
>
> The grant of 30 [illegible] contributions is made under Section [illegible] Act, 1920 (as amended [illegible] Insurance Act, 1927), [illegible] to receive unemploym[illegible]ife The effect of this [illegible] his return to civil life [illegible] who has a substantial period of insurable employment to his credit The contributions are not repayable in the event of no claim for unemployment benefit being made. The grant of these contributions does not in any way relieve the employer or employee from liability for the payment of contributions under the provisions of the Unemployment Insurance Acts in respect of employment in an insurable occupation in civil life."

In the case of a soldier who intends to reside in the Irish Free State a further paragraph as follows should be added to the memorandum :—

> "It should be understood that the contributions credited in respect of Army service will not be available for benefit in the Irish Free State They will only be so available in Great Britain or Northern Ireland as and when you are unemployed there."

---

*This certificate is to the effect that the man appears to come within the provisions of Section 41 of the Unemployment Insurance Act, 1920, as amended. The cause of discharge or transfer to the reserve should be given by quoting the sub-paragraph of paragraph 363, or paragraph 362, King's Regulations, 1923, respectively under which the man is discharged or transferred to the Reserve.

16th June 1928.

(b) Soldiers whose discharge or transfer to the reserve is authorized abroad and carried out at home.—In such cases Form U. I. 3/X.S. will be completed by the O. C. unit carrying out the discharge or transfer to the reserve at home, and not by the O. C. unit abroad. In other respects the procedure in the preceding sub-paragraph will be followed.

(c) Soldiers whose discharge is carried out abroad or in the Irish Free State.—No unemployment benefit can be drawn while the ex-soldier is still abroad or in the Irish Free State, but the officer carrying out his discharge should instruct him, in the event of his returning to the United Kingdom, to apply to the officer i/c records for Form U. I. 3/X.S. The officer i/c records will complete the form and will have it signed by the applicant (the necessary information being obtained from the man and his documents), and will then proceed as in the case of a soldier discharged at home.

7. *Insurance of men of the Army Reserve and Territorial Army during training.*—The above system does not apply and the procedure to be followed is set out in Army Order 153 of 1922.

I. A. O 374.—Family Pension and Children's Allowance Claims.— Instructions to be followed by Officers Commanding Units and Formations for the correct preparation of Family Pension and Children's Allowance Claims

The instructions printed on the forms of Family Pension Claim (I. A. F. A.-366—Reprint of 1926) and Death Certificate (I. A. F. A.-393) often are not fully complied with before a claim is submitted to a Controller of Military Pension Accounts.

Controller of Military Accounts

This causes unnecessary extra labour and delays the settlement of claims, a matter of vital importance to the individual concerned.

Officers responsible for the preparation of the claims will comply strictly with those instructions. Before submitting a claim for sanction—the following points will receive attention :—

(1) the sheet roll of the deceased will be posted up-to-date and attached to the claim,

(2) the place of payment of pension shown on the claim will be one of those mentioned in Appendix IV of the Financial Regulations for the Army in India, Part I.

(3) a death certificate on I. A. F. A.-393 is necessary duly completed as required by the footnote printed thereon and as indicated in para. 4 of I. A. O. No. 939 of 1924 and signed by a qualified medical practitioner,

(4) in cases where a death certificate, in the prescribed form (I. A. F. A.-393), or signed by a qualified medical practitioner is not available, the claim will be supported by an

extract from the Village Death Register or local investigation papers (duly translated into English) stating—

(a) Nature and symptoms of the disease of which an individual died.

(b) Duration of illness.

(c) Information as to the medical treatment received by deceased.

(5) in the case of claimants who are minors, the thumb and the finger impressions of the guardians to be obtained on page 6 of the claim and the relationship of such guardians to the claimants noted thereon,

(6) if the evidence of a witness related to the claimant has been accepted to prove the heir's title to a family pension or Children's Allowance, a satisfactory explanation to be furnished for the acceptance of such a witness,

(7) the claim will be investigated in favour of the nominated heir, or if no nomination has been made, or if at the date of investigation of the claim to pension the nominated heir was dead or disqualified, the claim will be investigated in favour of the living relative highest in the list shown in para. 628, Pay and Allowance Regulations, Part II, and if that relative is ineligible, to the next in order, necessary explanation to be furnished in the forwarding memo. to the Controller of Military Pension Accounts ,
Controller of Military Accounts

(8) all children's allowance claims will be supported by birth certificates of the village. (Where such a certificate is not available, the date of birth should be fixed in the manner indicated in A D letter No. 34226|1 (A.G-10), dated 26th April 1916 (reproduced in I. A. O. 785 of 1924) In the case of a daughter, information as to whether she is married or unmarried to be given and if the daughter has been married since the date of the casualty, the date of marriage to be shown in the claim,

(9) In the case of a widow, information regarding date and form of marriage to be correctly recorded in the claim,

(10) if the claimant is already in receipt of any renumeration from the State, the nature and the amount to be noted in item 2, Part II of the claim,

(11) in the cases of death due to accident, the proceedings of the Court of Enquiry together with the opinion of the Court must be forwarded duly countersigned by the Brigade Commander,

(12) in cases where the deceased has left any minor sons or unmarried daughters eligible for children's allowance, their claims will be investigated and included in the family pension claim,

(13) in the case of death occurring on field service, the details regarding the family allotment as required by item 6, Part I of

16th June 1928.

the Claim must be given, and the particular field force with which the individual was serving noted on the claim,

(14) where a children's allowance claim could not be submitted along with the family pension claim, information as to the particular pension circular in which the pension was notified to be furnished. Such claims will also be supported by the deceased's sheet roll,

(15) in cases where a child is the nominated heir and family pension is claimed in addition to the children's allowance, the claim to be supported by the pension investigating officer's report as to whether the deceased's father, mother or widow are alive. If dead, the date of death of each to be intimated, and in the event of re-marriage of the widow or mother, the date of re-marriage furnished,

(16) in accordance with A. I. (I.) B.-20 of 1937, the cause of delay, if any, in the submission of the claim, will be explained in the forwarding memo.,

(17) in the case of personnel of Animal Transport units, who have been granted combatant status, an endorsement to be made on the claim whether or not the deceased elected the revised terms of service if he was enlisted before the grant of combatant status to such personnel.

II. Family pension claims will be carefully checked with the particulars given in the kindred roll—page 2 of the Sheet Roll. The discrepancies which cannot be reconciled regimentally should be explained in the memo. forwarding the claim.

III. On no account, will family pension claims (I. A. F. A.-366) and death certificates (I. A. F. A.-393) be prepared on the old forms, as such claims will be returned to the Officers Commanding for furnishing information which is required in the revised I. A. F. A.-366 and 393

23rd June 1928.

INDIA ARMY ORDERS.

I. A. O. 386. Courses of Instruction—Publication of Results.—The names of successful candidates at courses of instruction published in India Army Orders will be confined to those of British and Indian (King's Commission) officers.

2 In the case of Indian officers (Viceroy's Commission), British warrant and non-commissioned officers and Indian non-commissioned officers, the results of courses will be published in unit orders on receipt in the unit of the certificate awarded at the course.

3 The above procedure will apply to both courses at army schools and local courses.

It will also apply to refresher courses, with the exception that, at these courses, a fresh certificate will not be issued. The original certificate will be brought by students and will be endorsed at the end of the course.

I. A. O. 387. Army Rifle Association.—As some of the best shots do not fire the classification practices of the present annual rifle courses, the Army Rifle Association has decided that the match for the 18th Hussars' Cup will be held in abeyance for the current year.

19135-III/G.S., M.T.-1.

I. A. O. 388. Training—Recruits.—The following subjects will cease to form part of the syllabus of training for recruits:—

(a) Field training and entrenching, in the case of Indian infantry.

(b) Field training, in the case of Indian Pioneers.

2. The time saved by the elimination of the above subjects will be allotted to other subjects in the syllabus at the discretion of officers commanding training battalions.

3 In view of the above amendment to the infantry recruits' syllabus, it is essential that instruction in digging drill and entrenching should be commenced as soon as men join their active battalions.

4 The necessary amendments to the "T. B Manual, (Provisional) 1924" will be published in due course.

19888/G.S., M.T.-1.

I. A. O. 389. Language Examination—Result.—At an examination held at Tokyo in March 1928, Captain C. G. O. Brennan, 2nd Bn., 16th Punjab Regiment, qualified as a second class Interpreter in Japanese.

21024/G.S., M.T.-Language.

23rd June 1928.

I. A. O. 390. Civil Employment of Indian ex-soldiers.—It has been represented that clause (*i*) paragraph 11 of Appendix XVII to Regulations for the Army in India is seldom complied with by Indian ex-soldiers. It consequently appears that they are generally unaware of the orders contained therein The attention of Officers Commanding Units is drawn to paragraphs 11 and 12 *ibid* and they are instructed to ensure that the conditions laid down therein are invariably explained to every Indian soldier on discharge or on transfer to the reserve

A.-44380|A.G.-6.

I A. O. 391 Mobilization Reserves of Fodder.—The following procedure will be observed in turning over Mobilization Reserves of Fodder :—

(*a*) Mobilization Reserves of fodder, after having been in stock for two years, will be examined annually by a Board of Officers, composed of a Veterinary Officer, an I. A. S. C. Officer, an Indian Cavalry Officer, an Artillery Officer and a Military Farms Department Officer The senior will preside. The Board will inspect all reserves of fodder which have been in stock over two years, opening 1 per cent of the bales, and will submit definite recommendations as to whether the fodder is fit to be retained in reserve for a further year, or should be turned over within the year

(*b*) At places where baled fodder is received regularly for normal issues, Mobilization Reserves of Fodder may be turned over continually, provided no extra expense is caused to the State.

I. A O No 429 of 14th June 1926 is cancelled.

4554|Q.M.G.-6.

I. A. O 392 Forms—Indents for all "Last Pay Certificate" forms, will be submitted to the Controller of Military Accounts concerned and not through the countersigning authorities mentioned in Army Instruction (India) 1069 of 1923, to the Deputy Controller Forms

Dated 24th July 1928

Issued with India Army Order No. 466, dated 24th July 1928.

Rules relating to the engagement of freight for Naval, Military, R. A. F. and Marine stores and baggage.

Normally the Principal Naval Transport Officer, East Indies, is responsible for taking up all freight for Government stores *ex*-India. In order, however, to expedite despatch and decrease clerical labour, the authorities mentioned in Appendix I are authorised to take up freight space direct from shipping companies for the shipment of stores and baggage referred to in the heading of these rules, subject to the following conditions :—

(i) At all times of the year, for consignments exceeding 50 tons, the consignor will first refer to the Principal Naval Transport Officer's representative concerned who will

(a) accept the consignment for space available in Government vessel, or,

(b) instruct the consignor to deal direct with the shipping company on the normal lines, or,

(c) where more advantageous call for full particulars and take up the freight himself.

(ii) During the non-trooping season, the consignor will despatch all consignments of 50 tons or less by direct arrangement with the shipping company, except that all consignments *ex*-Karachi for Aden must be referred to the Principal Naval Transport Officer's representative irrespective of bulk.

(iii) When it is desired to ship to ports or by lines not mentioned in Appendix II, a reference will first be made to the Principal Naval Transport Officer's representative who will authorise shipment by the most advantageous method permissible.

(iv) During the non-trooping season, if by any chance Government space becomes available, the Principal Naval Transport Officer's representative concerned must inform all shippers appearing on his monthly report and call for consignments, if any, available to fill the space

(v) During the trooping season, that is from one month previous to the date of sailing of the first transport *ex*-India to the date of sailing of the last, the consignors must in all cases first refer to the Principal Naval Transport Officer's representative concerned who will act as in condition 1 above.

(vi) Freight for dangerous goods, as laid down in the memorandum relating to the carriage of dangerous goods and explosives in ships issued by the Board of Trade, will invariably be taken through the Principal Naval Transport Officer or his representative.

(vii) Dumping of stores at sea will invariably be dealt with by the Principal Naval Transport Officer's representative.

(viii) Whenever it is laid down that previous application will be made to the Principal Naval Transport Officer's representative, such application will be made on form Mne T. O.-5

(Requisition for Shipment—see Appendix III). The Marine Transport Officer will then be in a position either to take up the freight himself at once or to endorse the form "deal direct with shipping company" and return it.

2. The above arrangements may be cancelled or modified at any time by the Principal Naval Transport Officer, East Indies, who reserves the right to resume complete control of freight arrangements for stores and baggage to which these rules apply, if he considers it desirable to do so.

CHAPTER 7.

AN ACT TO PROVIDE, DURING TWELVE MONTHS, FOR THE DISCIPLINE AND REGULATION OF THE ARMY AND AIR FORCE.

[*26th April 1928.*]

WHEREAS the raising or keeping of a standing army within the United Kingdom in time of peace, unless it be with the consent of Parliament, is against law:

And whereas it is adjudged necessary by His Majesty and this present Parliament that a body of land forces should be continued for the safety of the United Kingdom and the defence of the possessions of His Majesty's Crown, and that the whole number of such forces should consist of one hundred and fifty-three thousand five hundred, including those to be employed at the depôts in the United Kingdom for the training of recruits for service at home and abroad, but exclusive of the numbers actually serving within His Majesty's Indian possessions

8 Geo. 51. And whereas under the Air Force (Constitution) Act, 1917, His Majesty is entitled to raise and maintain the air force, and it is judged necessary that the whole number of such force should consist of thirty-two thousand five hundred, including those employed as aforesaid, but exclusive of the numbers serving as aforesaid, and the provisions of the Air Force Act are due to expire at the same dates as the provisions of the Army Act:

And whereas it is also judged necessary for the safety of the United Kingdom, and the defence of the possessions of this realm, that a body of Royal Marine forces should be employed in His Majesty's fleet and naval service, under the direction of the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of Lord High Admiral aforesaid :

And whereas the said marine forces may frequently be quartered or be on shore, or sent to do duty or be on board transport ships or vessels, merchant ships or vessels, or other ships or vessels, or they may be under other circumstances in which they will not be subject to the laws relating to the government of His Majesty's forces by sea :

And whereas no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm, by martial law, or in any other manner than by the judgment of his peers and according to the known and established laws of this realm ; yet, nevertheless, it being requisite, for the retaining all the before-mentioned forces, and other persons subject to military law or to the Air Force Act, in their duty, that an exact discipline be observed and that persons belonging to the said forces who mutiny or stir up sedition, or desert His Majesty's service, or are guilty of crimes and offences to the prejudice of good order and military or air force discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow :

And whereas the Army Act and the Air Force Act will expire in the year one thousand nine hundred and twenty-eight on the following days :—

(*a*) In Great Britain and Ireland, the Channel Islands, and the Isle of Man, on the thirtieth day of April ; and

(*b*) Elsewhere, whether within or without His Majesty's dominions, on the thirty-first day of July :

ARMY COUNCIL INSTRUCTION.

182. Amendments to the Army Act.

1. Attention is drawn to the following provisions contained in the Army and Air Force (Annual) Act, 1928, which received the Royal Assent on 26th April, 1928. All these provisions, with the exception of those contained in paragraph 5 below, come into operation within Great Britain and Ireland, the Channel Islands, and the Isle of Man, from 30th April, 1928, and elsewhere from 31st July, 1928. The provisions contained in paragraph 5 come into operation in all parts of the world on 1st June, 1928

2. *Sections* 6, 8 *and* 9.

(1) In sub-section (1) of section 6 of the Army Act, paragraphs (*a*), (*c*) (*d*) and (*g*) shall be omitted and for paragraph (*k*) there shall be substituted the following paragraph —

"(*k*) Being a soldier acting as sentinel leaves his post before he is regularly relieved,"

(2) In section 6 of the Army Act, after sub-section (1), the following new sub-section shall be inserted —

"(2) Every person subject to military law who commits any of the following offences; that is to say,

(*a*) Leaves his commanding officer to go in search of plunder; or

(*b*) Forces a safeguard; or

(*c*) Forces or strikes a sentinel; or

(*d*) Breaks into any house or other place in search of plunder; or

(*e*) Being a soldier acting as sentinel sleeps or is drunk on his post,

shall, on conviction by court-martial,

if he commits any such offence on active service, be liable to suffer penal servitude, or such less punishment as is in this Act mentioned; and

if he commits any such offence not on active service, be liable, if an officer, to be cashiered, or to suffer such less punishment as is in this Act mentioned, and if a soldier, to suffer imprisonment, or such less punishment as is in this Act mentioned."

and the existing sub-section numbered (2) shall be re-numbered (3).

(3) In sub-section (1) of section 8 of the Army Act the words "if he commits such offence on active service, be liable to suffer death, or such less punishment as is in this Act mentioned, and if he commits such offence not on active service" shall be omitted.

(4) In sub-section (1) of section 9 of the Army Act the words "if he commits such offence on active service, be liable to suffer death, or such less punishment as is in this Act mentioned, and if he commits such offence not on active service" shall be omitted.

NOTE.—The effect of these amendments is to abolish the death penalty on active service for—

(1) leaving a commanding officer to go in search of plunder;

(2) forcing a safeguard;

(3) forcing or striking a sentinel;

(4) breaking into any house or other place in search of plunder;

(5) when acting as a sentinel sleeping or being drunk on a post;

(6) striking or using or offering violence to a superior officer in the execution of his office;

(7) disobeying in such manner as to show a wilful defiance of authority any lawful command given personally by a superior officer in the execution of his office.

The only military offences on active service which will remain punishable with death will be mutiny, treachery, cowardice, desertion, and leaving a guard, etc., without orders, or, in the case of a sentinel leaving a post without being regularly relieved.

3 *Section* 115

(1) In sub-section (10) of section 115 of the Army Act (which relates to the sale and purchase of horses and carriages in cases of emergency) after the words "during such period" there shall be inserted the words "and to such extent", and after the words "sale and purchase of horses or carriages" there shall be inserted the words "or the sale and purchase of horses or carriages of any class or description so specified".

(2) At the end of the said section the following new sub-section shall be inserted :—

"(11) The power conferred by this section to issue a requisition of emergency shall include power to issue a requisition of emergency revoking, amending or varying a requisition of emergency previously issued"

NOTE.—The amendments in (1) enable a partial prohibition on the sale of horses or carriages to be issued where it is unnecessary that the prohibition should extend beyond specific classes or sub-divisions of classes of horses or carriages.

The new sub-section (11) makes it clear that a requisition of emergency is subject to revocation and alteration.

4. *Section* 177.

In section 177 of the Army Act (which relates to the application of the Army Act to Indian and colonial forces) for the words "the general officer or colonel commandant commanding His Majesty's forces" there shall be substituted the words "the officer, whether military or air force,

not below the rank of colonel or group captain, commanding His Majesty's forces".

NOTE.—Section 177 provides that where an Indian or colonial force is serving with part of the regular military forces, then, so far as the law of India or the colony has not provided for the government and discipline of the Indian or colonial force, the Army Act is, subject to such exceptions and modifications as may be specified in the general orders of the officer commanding His Majesty's military forces with which such force is serving, to apply to the Indian or colonial force

In the case of a mixed military and air force, it is desirable that the power of issuing general orders should be vested in the officer commanding the mixed force, whether a military officer or an air force officer. This amendment makes the necessary provision.

5. *Substitution of "brigadier" for "colonel commandant".*

(1) In the enactments mentioned in the Second Schedule to this Act, the word "brigadier" shall be substituted for the words "colonel commandant" wherever those words occur.

(2) Paragraph (3A) of section 190 of the Army Act is hereby repealed

(3) This section shall come into operation both in Great Britain and Ireland, the Channel Islands and the Isle of Man, and elsewhere, on the first day of June nineteen hundred and twenty-eight.

SECOND SCHEDULE

ARMY ACT.

Sections 43, 46 (1), 47 (1) and (5), 57A (9), 73 (3), 74 (1), 183 (2), 189 (2), (3), (4) and (6).

NOTE.—These amendments are consequential on the substitution of a new rank of brigadier for the present ranks of colonel commandant and colonel on the staff as from 1st June, 1928.

6 *Repeal of references to warrant officers holding honorary commissions*

In the enactments mentioned in the Third Schedule to this Act, the words "not holding an honorary commission," "not having an honorary commission," "not holding honorary commissions," and "Warrant and other" shall be repealed wherever they occur.

THIRD SCHEDULE.

ARMY ACT.

Sections 83 (6), 145 (2), 180 (2) (*f*) (*g*), 182, 190 (4), (5), (6), (7).

NOTE.—There have been no warrant officers holding honorary commissions for many years The references to them are therefore obsolete and these amendments delete all such references from the Army Act

I. A O 484. Participation of British or Indian troops in military tattoos or similar displays—It is a primary condition under which British or Indian military personnel are permitted to take part in military tattoos or similar displays that no expense of any kind should fall on public funds.

In the case of events of this nature which are on a profit making basis, the organising committees will be required to indemnify the military authorities against all claims in respect of accidents to participants.

Military personnel partaking in these displays (including rehearsals) will be treated as if on duty and, in the event of injury or death, they or their families will be eligible for full pensionary benefits.

Organisers of military tattoos, etc, will therefore be required to furnish guarantees to indemnify Army Funds against any extra pensionary costs that might be incurred.

Sanction for the holding of these displays or the participation of military personnel therein will only be accorded by District Commanders or Independent Brigade Commanders provided that adequate guarantees (*e.g.*, full cover by insurance) are furnished to cover any charge which by such employment of military personnel may fall on Army Funds for pension or gratuity.

INDIA ARMY ORDERS.

I. A. O. 509. **Courses at the Equitation School—Provision of Horses.**—The following will be substituted for the instructions given in "Courses of Instruction (India), 1927", para. 10 on page 20 and para. 25 on page 23:—

(a) For the long course starting in September 1928 each cavalry regiment will send to the School two regimental troop horse chargers. Similarly, each artillery student will take with him from his unit, one riding horse.

These horses, which must not be more than 10 years of age, will remain at the School for a period of two years and will then be "turned over" in accordance with instructions which will be issued later.

In the case of artillery, Brigade Commanders will make adjustments of riding horses within their brigades, under instructions to be issued by the M. G. R. A.

Units will send one syce with each horse; these syces will remain at the School during the two years the horses are kept there. Both horses and syces will remain, nominally, on the charge of units from which provided.

(b) In addition—Each British officer and Indian State Force Officer attending the long course will take with him one charger, passed and certified by his commanding officer to be fit to perform the duties as such. This horse will be his second charger for the duration of the course.

(c) All horses referred to above must be thoroughly trained to riding school, capable of performing continuous work under the weight of their riders and passed fit by a veterinary officer and shod up to date.

Owing to the intensive nature of the work imposed, a really well trained, sound horse of good quality is required for the course. The loss of time in tuition which an officer or non-commissioned officer incurs through having an ill-trained or unsound animal is bound to affect adversely the standard of efficiency attained.

(d) British and Indian officers attending the long course are allowed free conveyance to and from Sangor for two additional horses.

(e) A syce must accompany each horse sent to the School from units.

(f) Horses attending the course must arrive so as to be available for work on the morning of the day the course commences.

2. *Short Course*—

(a) Officers of mounted units attending a short course will be permitted to take one trained charger with them. This horse must comply with the conditions set out in para. 1 (b) and (c) above.

(b) All other students will be supplied with a charger by the school.

I. A. O. 510 Revised Scale of Rewards for the Preliminary and the Interpretership Examinations in Urdu.—With effect from the 1st July 1928, these rewards will be as follows :—

Preliminary.—Rs. 450, less Rs. 150 for the Urdu Qualifying or Rs. 100 for the British Service Officers' Urdu Test, if already drawn	As against the existing Rs. 200
2nd Class Interpretership.—Rs. 800 An officer who has already passed the 2nd Class Interpretership and appears for the 1st Class Interpretership but again passes as a 2nd Class Interpreter will draw the difference between Rs. 800 and such reward as he may have previously drawn for the 2nd Class Interpretership	As against the existing Rs. 600.
1st Class Interpretership.—Rs. 1,400 less such amount as the candidate may have previously drawn for the 2nd Class Interpretership.	No change except in the case of those who drew less than Rs. 800 for the 2nd Class Interpretership

2 Officers who are about to take up the study of Urdu, whether for the British Service Officers' Urdu Test or the Urdu Qualifying, are advised to consider whether, if they intend eventually to sit for the Preliminary (and possibly the Interpretership), they should not from the start learn to read and write the Urdu script concurrently with the Roman Urdu script.

3 H. E. the Commander-in-Chief hopes that these increased rewards will have the effect of encouraging officers of both British and Indian services to take up the more advanced study of this important language, with a view to the standard of
out the Army in India and t
preters qualified to sit as mem

I A O 561 Legal and Judicial—Allocation of stoppages under Section 145 of the Army Act, when the maintenance of a wife (and/or legitimate children) on the one hand and of an illegimate child on the other is in question—War Office circular letter No. 46|F|1752 (F.-2-m), dated the 9th July 1928, is reproduced below :—

B.-220|A.G.-8

1 I am commanded by the Army Council to acquaint you that the general question of the allocation of stoppages ordered under Section 145, Army Act, when the maintenance of a wife (and/or legitimate children) on the one hand and of an illegitimate child on the other is in question, has recently been under their consideration and that the Council have decided that, when orders have been issued for the maintenance of a soldier's wife (and/or children, as above) and for an illegitimate child and these together exceed the maximum stoppage that can be made from the soldier's pay under Section 145, Army Act, the order for the maintenance of the wife must be given priority in the allocation by the Paymaster of the amount of the stoppage between the respective recipients,

27th August 1928.

if necessary to the exclusion of the claim of the illegitimate child, notwithstanding that the court order in respect of the latter may be of earlier date. In a case in which the order in respect of the soldier's wife is at the maximum rate appropriate to his rank and rate of pay, no amount can be issued in respect of the order for the illegitimate child. These instructions in no way affect the right of the soldier to make a voluntary allotment in respect of the illegitimate child in accordance with Appendix V, Part IV, para 9 (j) of the Pay Warrant

2. In this connection I am to say that when an officer to whom authority under Section 145, Army Act, has been delegated is considering the amount of stoppage to be ordered for the maintenance of a soldier's wife and a stoppage for an illegitimate child has already been ordered or is about to be ordered, he should be guided in fixing the amount for the wife entirely by the merits of the case for the wife It would not be permissible to order stoppages for the wife at less than the maximum permissible merely to enable the mother of the illegitimate child to receive some portion of the stoppages

3. It is to be understood that the existence of an order for stoppages at the maximum amount for the maintenance of a wife does not preclude the issue of an order for stoppages in respect of an affiliation order, though it will not be possible to give effect to the latter at the time, and therefore it must remain in abeyance until circumstances permit of its enforcement either wholly or in part

4 Similarly in the converse case the existence of an order for stoppages at the maximum amount in respect of an affiliation order does not prevent the issue of an order for stoppages for the maintenance of the soldier's wife, the latter on being issued, taking precedence over the former, as explained above

5 The Council have also had under consideration the question of the enforcement of stoppages under Section 145, Army Act, in respect of an affiliation order, in cases in which the soldier concerned is making a voluntary allotment to his wife or wishes to make such an allotment where no compulsory allotment is in force

6. The Council have decided that, in the case of such an allotment already in issue, provided that the amount in issue does not exceed the appropriate maximum stoppage prescribed in Section 145, Army Act, the allotment should not be reduced to enable stoppages in respect of an affiliation order to be made Subject to this reservation and to the soldier being left with a minimum sum of 6*d*. a day to cover cash issues and cash payments that he has necessarily to make, stoppages in respect of the affiliation order may be enforced against the rest of his pay.

7. Similarly, in any case in which a soldier, against whom an order for stoppages is in force in respect of an illegitimate child, wishes to make an allotment to his wife, he may be allowed to do so up to the amount of the appropriate maximum stoppage, payment under the order being modified accordingly.

8. In any case in which a voluntary allotment to a soldier's wife is in issue in excess of the appropriate maximum stoppages and an order for stoppages is made in respect of an illegitimate child, the volunta allotment should be reduced, if necessary, to the amount of the approp maximum stoppage in order to enable the stoppages ordered t enforced to as full an extent as possible.

27th August 1928.

ANNEXURE to INDIA ARMY ORDER No 577, DATED 3RD SEPTEMBER 1928

Instructions and Notes for Units detailed for duty in the Waziristan District.

1. Units proceeding to the Waziristan District must be prepared for conditions much more akin to field service than to the peace conditions prevailing in India. Although nominally at peace, troops in Waziristan are always serving under conditions which do not permit active service precautions being relaxed for a moment. Peace regulations for such things as accounting, clothing, rations, etc., are in force throughout the District, while in the matter of accommodation except at D. I. Khan and Bannu, a large number of troops are living in tents. At such places as Razmak, Idak and Manzai, however, buildings are being constructed, but some time will elapse before all troops serving in Waziristan are housed.

Tactical Advance Party—

2 (*a*) Units detailed for the Waziristan District will, about 3 months before leaving their station, send a small party to be attached to the unit which they are to relieve, in order to become acquainted with the procedure in vogue in the District This is unnecessary in the case of S. and M. units and units which are to be stationed in Bannu and D I. Khan.

(*b*) In the case of infantry battalions and cavalry regiments this party will normally consist of :—

The Officer in Command or his next senior officer.

1 Other British officer and Quartermasters of British battalions.

2 Platoon or Troop Commanders.

4 Non-commissioned officers.

In the case of an Artillery Brigade :—

1 Officer for Razmak

1 Officer for Manzai

Other units will send similar advance parties of a strength proportionate to the size of the unit.

(*c*) The duration of the attachment should be three weeks

(*d*) Dates will be decided upon between the commanding officers of the relieving unit and the unit relieved

(*e*) On conclusion of the attachment the party will return to their unit and disseminate the information gained

3. Useful notes on Artillery generally are given in "Report by the I G. of Communications and Directors of Services, Waziristan District, 1919-1920", printed by Government Central Press, Simla. This is out of print and will be taken over from the relieved unit.

4 *Signalling* :—

Special for Infantry—

(*a*) A qualified signalling Officer is essential

He should have done a course lately at the Army Signal School. This also applies to regimental assistant instructors.

(b) Units will endeavour to complete to full establishment of signallers laid down, and to maintain a reserve to replace casualties. Fifty signallers should be worked up to.

(c) Prior to arrival in the Waziristan District units will concentrate on :—

(i) Perfect accuracy in sending and receiving messages at 8 W.P.M.

(ii) Plenty of transmitting work by visual.

(iii) Line laying across country, finding line faults and making joints

(iv) Chapters 7, 8 and 9 Signal Training, Part I India 1920, to be paid special attention to, and in particular in transmitting, station work, and station discipline

pecial for Infantry—

5. (a) Physical fitness and Hill work :—

It is essential that the men should be really fit, as the work is arduous and tiring

Vigilance and alertness suffer at once when the men are tired and slackness in this respect will inevitably lead to disaster.

Hill climbing and descending at speed are essential If the Battalion is still in the hills when warned for the Frontier this training will be practiced very hard It takes the men and officers some time to find their feet on the steep and rocky hills, and the more preliminary training they can get the easier it will be found on first arrival. Speed in all ranks is very important, with full equipment and S. A. A.

(b) Semaphore Signalling .—

Every officer and man in the ranks will know semaphore signalling and be able, at least, to read and send a simple message at slow speed.

It is invaluable for inter-communication across valleys, up to piquets, between piquets, etc, etc, and co-operation is made far more efficient by its use

General—

6. (a) (i). In marching up the Line of Communication :—

The route is piquetted by permanent piquets, garrisoned in some cases by Regular Troops and in others by Irregulars.

Troops are also out frequently training from the various posts up the Line The areas in which they train are so selected that these troops indirectly afford protection to traffic on the road. This does not, however, mean that the battalion can either do without its own local protection, or that it should march in a massed column of fours. Road protection troops cannot prevent enemy sniping. A very useful march formation is column of route with fairly big intervals between platoons and companies; for instance, 100 paces between companies and 50 paces between platoons. In the event of sniping occurring the battalion will break at once into a series of small columns (*e.g*, section) on a wide front, maintaining the same distances and above all keeping clear of the road itself if it is possible to do so. The sniper always has the road or track carefully ranged.

(ii) In Infantry battalions one officer is to be in-charge of all animals of the unit and given opportunity to train syces and drivers on the lines indicated in "Notes on Horse Management in the Field".

(b) Musketry :—

Quick and accurate shooting at short ranges is important. Visual training in picking up targets quickly is necessary.

(c) Lewis guns :—

Lewis gun teams must be fully trained and complete. Practice in covering piquetting troops, and in quick switch targets is important.

(d) Vickers Guns :—

Platoons must be fully trained and complete, and the men physically fit and active.

Tripod mountings must be in good order Personnel will be trained in the use of range finders which are very valuable in frontier fighting where it is extremely difficult to estimate ranges and the strike of the bullet can seldom be seen

(e) *Grenades* —

All men will have had practice with dummy grenades. An issue of 200 live grenades for practice purposes is made to each battalion on arrival in Waziristan Men will be trained in the use of rifle grenades.

(f) *Co-operation with Aircraft* —

All infantry battalions proceeding to the Waziristan District will take equipment for co-operation with air craft in accordance with A I (I.) No. 1071 of 1925, and all infantry battalions leaving the Waziristan District should take this equipment out on the same scale.

(g) *Searchlights* —

Searchlights converted to electricity are part of the equipment of many of the Posts.

(h) All signalling equipment authorized to be taken to Waziristan under para 254 of Equipment Regulations, Part I, will be complete in every respect and all unserviceable articles replaced before departure for the District.

Pamphlets—

7. Units will be in possession of the following pamphlets when warned to proceed to Waziristan :—

(a) "Manual of Operations on the North-West Frontier of India".

(b) "Relation of Troops with Tribesmen" (to be issued by Waziristan District).

(c) "Waziristan District Tactical Notes" (to be issued by Waziristan District)

(d) "Standing Orders for Peace and War" (to be issued by Waziristan District).

Maps—

8. Sufficient maps will be supplied to S. S. O., Bannu, to allow of an issue of sufficient copies per unit for their march from detraining station

to their destination. A supply of local maps will be issued by each Brigade Headquarters.

Reference Books—

9. Books of reference dealing with the Country are—

(*a*) Military Report on Waziristan, 1924.

(*b*) Routes in Waziristan, Bannu and Derajat.

(*c*) Operations in Waziristan, 1919-1920 (Supdt. Govt. Printing).

Stationery—

10. Troops in the Waziristan District are now on a peace footing as regards the supply of stationery, which is supplied as laid down in A. Is. (I.) 1069 of 1923 and 561 of 1924, and "Rules for the Supply and Use of Stationery Stores, 1924".

Forms—

Obtaining of Force, District, Brigade and Post Orders, etc., on first arrival—

13. The incoming units will take over copies of Force Routine Orders and District Orders, Brigade and Post Orders and all important letters from the outgoing units, under arrangements to be made direct with formation Commanders They will also take over sufficient copies of the pamphlet "Losses in Waziristan" to ensure that all officers are conversant with the contents. The Commanding Officer is responsible that every British Officer is acquainted with this pamphlet

Discipline—

14. For the purposes of Military Law troops and followers serving in Waziristan District are serving under peace conditions For the posts specified as "frontier posts" under sections 2 (1) (C) and 22, Indian Army Act, see Gazette of India, Army Department Notification No. 1209 of 1924 and 1335 of 1925 at pages 513 and 514, Manual of Indian Military Law.

The Indian Litigation Act—

15. A person subject to the Indian Army Act is covered by the Indian Soldiers Litigation Act 1925 (page 505 *et seq* Manual of Indian Military Law as amended by I. A. O. No. 644-III of 1925) when he is serving with any unit the headquarters of which are situated at any place in Waziristan which is more than fifty miles distant by road from the nearest railway station.

Advance Party—

16 Units will arrange for an advance party consisting of the Quartermaster and ten other ranks in the case of Infantry Battalions and Cavalry regiments, other units in proportion to reach Bannu and Manzai three days in advance of the unit.

Winter clothing—

17. The issue of extra winter clothing is governed by I. A. O. No. 683 of 1926.

Accommodation—

18. There is no accommodation in the Waziristan District for families either of British Officers or of British or Indian Ranks except in the case of units that are definitely ordered to Dera Ismail Khan or Bannu. At both these places, however, accommodation is strictly limited and no families will proceed to either until intimation has been received that accommodation has been definitely allotted.

Baggage—

19 Units will proceed to the Waziristan District equipped in accordance with the scale laid down in Equipment Regulations, India, Part I, para 254, as inserted by amendments (Appendix No. 8), dated November 1925

(*b*) Although all units in the Waziristan District are clothed on peace scales of clothing and come under the ordinary peace rules of clothing procedure, it has been decided that owing to lack of good storage accommodation in the District, units will maintain and demand *one* instead of the *three* months' supply of clothing authorised in para. 5 of Clothing Regulations, India

Heavy Baggage—

(*c*) Units arriving in the Waziristan District should not bring all their heavy baggage with them on account of the very limited amount of accommodation that can be provided for storage at all stations in the District except Bannu. See para. 34.

Transport—

20 Railheads are :—

Manzai for the Takki Zam

Bannu for the Tochi Line.

The normal form of transport is Pack Mules and A. T. Carts.

Mules are used for carrying baggage, water, rations, etc., to permanent piquets

Equipment—

21. (*a*) *Boots—*

A good shoemaker's shop is essential. Boots must be kept thoroughly repaired and dubbed. All boots will be nailed. Boot repair materials will be brought up.

The following are the most suitable methods of attaching nails to boots for use on the Frontier :—

(*i*) Hobs, Pengate—four rows across the bottom of the boot, 4 nails in each row at equal distances. Quantity required 2 ozs per pair of boots.

(*ii*) Hobs, malleable—4 rows as in above, but 12 nails in groups of three in each row.

This pattern will become obsolete when existing stocks are exhausted and will be replaced by Hobs Pengate. Quantity required 4 ozs. per pair of boots. These nails will be issued on payment

(*b*) *Repairs—*

It is desirable that the unit should thoroughly overhaul all equipment before leaving for Waziristan and indent for replacements

in sufficient time to admit their receipt before leaving their stations

(c) *Moveable Columns*—

Troops with moveable columns receive a boot allowance at the District Commander's discretion, *vide* A. I. (I.) No A.-19 of 1927.

(d) *Charpoys*—

Units coming into Waziristan will not bring charpoys with them

(e) *Mule Tanks*—

All units proceeding to and departing from Waziristan District will take mule tanks (see para. 31).

22. (a) Battalions moving in relief up to the Tochi Line will draw from their station of departure, the following for use in case of necessity on the march up :—

On the man—80 rounds S. A. A per man in addition to 20 rounds pouch ammunition.

16 Lewis guns—846 rounds S. A A per gun

4 Vickers guns—5,000 rounds S. A. A. per gun.

Grenades, etc—*Nil*

These battalions will on arrival at their destination take over the balance of their mobile echelon of ammunition from the battalion they relieve.

The relieved battalion will march down to Bannu with the ammunition as detailed above and will hand it into Ordnance charge on arrival at their station in India.

(b) Units of other branches of the service will similarly march up from Bannu to their destination on the Tochi Line with a corresponding amount of ammunition, (*i.e.*, that carried on the man or with the gun), *vide* tables VIII and IX, War Establishment (India), 1927.

(c) Units proceeding on relief to the South Waziristan Line, *i.e.*, Manzai, will proceed to their destination with their 20 rounds pouch ammunition per man only.

Relieved units will depart with a similar amount

General—

23. The pack is a very useful article to bring up for storage of extra kit allowed but is not worn during operations It will not be carried on the man beyond railhead but included in the kit. Officers will wear web equipment so as to be equipped as much like the man as possible.

Tentage—

24. Tentage.

See Appendix III.

Rations—

25. Rations and forage in Waziristan District are issued on peace scales as laid down in "Scales of Rations and Supplies issued by the Indian Army Service Corps". Rations and forage accounts and forms are required.

Institutes—

26 (a) Except in the case of the British infantry battalions who will take their own unit contractor with them, all institutes of British troops will be run by a District Contractor.

(b) Regimental Bunniahs—Indian units proceeding to Razmak :—

For reasons connected with the interior economy of Razmak, and owing to the restrictions imposed by the shortage of accommodation, there is no place for bunniahs in the lines of Indian units of the garrison. Indian units will not therefore take their own bunniahs or contractors to Razmak

Provision, however, is made for the supply of articles to the men through the medium of the local shopkeepers already established in Razmak.

These local shopkeepers pay a rebate to unit funds at the rate of Rs 80 per mensem for an infantry battalion and proportionately in the case of other units In addition, in order that the interests of the men may be adequately safeguarded the prices of all food-stuffs are strictly controlled

Followers—

27 The following will be taken —

(a) Full establishment of Class I followers. They must be strong; avoid old men

(b) Units will not take more than one dhobi per Headquarters Wing and Company, and two barbers per Headquarters Wing and Company Class I and Class II followers accompanying units will be medically examined before leaving for Waziristan and old and physically unfit men rejected.

(c) Followers are not obtainable in the District.

28 Leave is granted to Indian ranks and followers under paras. 931 *et seq*, R A I

Medical—

29 (a) All individuals prior to arrival in the District will be inoculated with T. A. B and small-pox vaccines so as not to be thrown out of work by reason of having to undergo inoculation after arrival in the District.

(b) Men suffering from chronic malaria will not stand service in Waziristan and will be weeded out before arrival as far as possible

Packing and Loading—

30. Thorough training in loading pack mules will be carried out and all ranks exercised in packing and loading their kits on mules, especially in the dark.

Water—

31. Very strict orders will be issued warning all against drinking from streams and river beds during the march up and later during road protection duties or at any time All water has to be chlorinated before being drunk.

Water for train journeys will be carried in Pakhals The unit Medical Officer will chlorinate refilled pakhals. Chlorinated water is supplied at rest camps and posts under camp and post arrangements.

Accounts—

32. The peace system of accounting under all headings is in force in the Waziristan District, except in the case of the moveable column in

respect of which the field service system of accounting is observed so far as the issue of and accounting for supplies are concerned.

Policy for Reliefs—

33. The policy of relieving Indian infantry in Waziristan is as follows :—

Idak, Razani, Damdil are one-year stations.

The normal procedure will be :—

(*a*) Idak will be garrisoned by one battalion which has spent its first year in Bannu

(*b*) As regards Razani and Damdil, a battalion will either spend one year in Razani or Damdil and move to Razmak for its second year, or spend its first year in Razmak and its second year in either Razani or Damdil.

(*c*) Battalions posted to Manzai will spend the whole of their tour in Manzai.

Regimental and officers Baggage—

34. (*i*) Attention is drawn to A. I. (I) No. 1187 of 1924, regarding baggage.

(*ii*) At present accommodation in Posts (except Bannu) is hardly sufficient for the storage of the peace and mobilization equipment, which units must have with them, consequently there is no accommodation available for the storage of baggage of units surplus to this, except at Bannu. At Bannu storage for the surplus heavy baggage of two infantry battalions can be made available

(*iii*) Units proceeding to Razmak Brigade and Razani Line respectively will take with them as little regimental and private baggage as possible.

(*iv*) One unit proceeding to Bannu Brigade will remain in Bannu one year and then proceed for its second year to Idak, the other battalion will remain in Bannu for two years These units take their heavy baggage (Mess equipment, etc.), complete as for a peace move in India, as accommodation in which to store their surplus baggage during their tour in Idak can be allotted in Bannu.

(*v*) Units proceeding to Manzai will remain there for two years No accommodation is available for the storage of surplus heavy baggage at this station.

(*vi*) Units proceeding to stations other than Bannu are advised to store their surplus heavy baggage with their training battalions

(*vii*) The following maximum scale of maundage for units proceeding to stations other than Bannu will not be exceeded—

(ix) Officers are advised to take kit for games, grey flannel trousers, blazer, etc.

Lounge suits are not necessary except in Bannu and D. I. Khan.

INDIA ARMY ORDERS.

I. A. O. 612 Arms and Ammunition.—Army Council Instruction No 321 of 1928 is republished below :—

16127|G.S., M.O.-1

321. Arms and Ammunition Import into and Export from the United Kingdom by Officers and Other Ranks of His Majesty's Forces (including the Territorial Army).

1. *Arms and ammunition possessed or carried by officers and other ranks in their capacity as such*

(a) No Board of Trade licence is required by officers and other ranks travelling in uniform for the import from or the export to any country of arms and ammunition *possessed or carried in their capacity as such.* It is not necessary for a firearm certificate, under the Firearms Act, 1920, to be obtained in respect of such arms and ammunition

(b) Officers and other ranks travelling in plain clothes will be allowed, on production of the military certificate shown in the Appendix, to import from, or to export to, any country other than the Irish Free State, arms and ammunition *possessed or carried in their capacity as such.*

(c) With regard to officers proceeding to the Irish Free State with revolvers and ammunition *possessed or carried in their capacity as such*, the police authorities are prepared to accept the official War Office posting orders, or a certified copy thereof, as authority for an officer travelling independently in plain clothes to take with him his service revolver.

2 *Arms and ammunition other than the arms and ammunition possessed or carried by officers and other ranks in their capacity as such.*

(a) *Import.*

(i) Whether travelling in uniform or not, officers and other ranks must obtain from the Board of Trade, in the case of imports into Great Britain, or from the Royal Ulster Constabulary (*see* para. 4 below) in the case of imports into Northern Ireland, licences for the importation of arms and ammunition other than the arms and ammunition *possessed or carried by them in their capacity as such*, unless they are in possession of, and produce to the Custom authorities in the manner prescribed in the succeeding paragraph, firearm certificates issued to them by the local police authorities under the Firearms Act, 1920.

(ii) These firearm certificates must be valid (*i.e.*, not out of date), they must cover the arms and ammunition which are to be imported, and they must be produced to the Customs authorities by the owners at the time of arrival, together with the arms and ammunition.

(iii) Neither an import licence nor a firearm certificate is required to import smooth-bore shot guns and ammunition therefor

into Great Britain but this exemption does not extend to Northern Ireland.

(*iv*) An import licence for any arms and ammunition not covered by a firearm certificate may be issued by the Board of Trade to a member of His Majesty's Forces, making application from abroad, on production of the military certificate shown in the Appendix. It is to be clearly understood, however, that the possession of import licences does not absolve officers and other ranks from the obligation to procure firearm certificates from the local police authorities for such arms and ammunition as they may bring into the United Kingdom in addition to the arms and ammunition *possessed or carried by them in their capacity as such* (for which no firearm certificate is required). Failure to procure such certificates incurs liability to prosecution under the Firearms Act, 1920.

An import licence will only be issued to a member of His Majesty's Forces applying from an address in the United Kingdom on production of a valid firearm certificate.

(*b*) *Export*

(*i*) The considerations set out in para. 2 (*a*), (*i*), (*ii*) and (*iii*) above apply also to the export of arms and ammunition, except that an export licence is necessary to export smoothbore shot guns and ammunition therefor to certain parts of the Continent of Africa, and to Persia, Arabia and Transcaucasia, and that all applications for export licences should be made to the Board of Trade.

(*ii*) When the owner does not find it convenient to produce to the Customs at the time of departure a valid firearm certificate an export licence will be required. All applications for licences to export arms and ammunition (other than smoothbore shot guns and ammunition therefor) from Great Britain must be accompanied by valid firearm certificates. A valid firearm certificate must accompany each application for a licence to export arms and ammunition (including smoothbore shot guns and ammunition therefor) from Northern Ireland. Export licences will *not* be issued merely on production of the military certificate shown in the Appendix.

(*c*) *Transit*

The officer commanding a unit which is in transit through the United Kingdom may, without a Board of Trade licence, take custody of, and responsibility for, all firearms, etc., belonging to officers and other ranks of the unit which are not *possessed or carried by them in their capacity as such.*

These relaxations of the ordinary requirements in favour of officers and other ranks apply only to firearms for their personal use.

3. *Office Stamp.*—Any military certificate issued under this A. C. I. will bear the official orderly-room or other stamp of the unit of issue.

16th September 1928.

4. *Board of Trade licences.*—These import and export licences will be issued by the Board of Trade only when all other formalities required by the Board are complied with. Applications for licences to import and export arms and ammunition should be made to the Import and Export Licensing Section, Board of Trade, Great George Street, London, S.W 1, except in the case of imports into Northern Ireland, when application should be made to the Inspector-General, Royal Ulster Constabulary, Atlantic Buildings, Waring Street, Belfast

5. A C. I. 550 of 1922 is hereby *cancelled.*

Rifles (other than those of prohibited bore) intended in good faith for sporting purposes, or parts of or fittings for such rifles, may be imported into India under licence Licences to import such rifles, etc, into India can be obtained from the Commissioners of Police, Calcutta, Madras, Bombay and Rangoon, and from the District Magistrates at Calicut, Karachi and Aden.

Applications for licences where required to export arms and ammunition to India must be accompanied by evidence that importation will be permitted by the Government of India A certificate signed by the applicant's C. O. will be taken as sufficient evidence for the purpose

I. A. O. 648	Allotment of vacancies at Army Schools of Instruction	666—634

2nd October 1928

INDIA ARMY ORDER.

I. A. O. 648. Allotment of Vacancies at Army Schools of Instruction.—1 The normal unit allotment over a period of four years (1927-30) is shown in Annexure "A" to this Order.

2. Method of allotting vacancies—

The numbers of vacancies per Command, etc., at the various courses are shown in Annexure "B" to this Order The actual allotment is based on the number of units in the Command, and the number of vacancies each unit should obtain over a period of four years

Commands will sub-allot on a similar basis in time to reach Districts by 1st November.

3 Applications for vacancies—

Units will submit returns through the usual channels to reach Districts by 1st November, showing the number of vacancies they require at each course for 1929 These returns will be based on the Annexure "A" allotment.

4 Allotment by Districts—

Districts will then allot vacancies to units, based on Annexure "A" and the number of vacancies received during 1927 and 1928 They will maintain a careful record of vacancies allotted during these and subsequent years so as to ensure that the Annexure "A" allotment is adhered to as far as possible.

5 Exceptions to the general rules regarding allotment of vacancies—

(a) R. A vacancies for all schools, at which vacancies are allotted in Annexure "A", will be notified by Army Headquarters to Brigadiers, R A, of Commands.

(b) R E vacancies for all schools, at which vacancies are allotted in Annexure "A", will be allotted direct by Army Headquarters to Corps of Sappers and Miners.

(c) Senior Officers' School—

Officers should be within 3 years of command or promotion to Lieut.-Colonel.

A H. Q. will allot vacancies by name.

(d) Royal Tank Corps School—

The commandant of the school will allot vacancies to R. T. C. groups direct.

6. Surrender of vacancies—

(i) Vacancies may only be surrendered at the discretion of the Brigade and Brigade Area Commander, as follows :—

(a) B Os. of Indian units, for any school,

(b) Remaining vacancies, for any school other than the Small Arms School and Indian Wing of the Army School of Education.

(ii) Vacancies so surrendered will be re-allotted by the District immediately a surrender is notified. Should the District be unable to re-allot, they will surrender to the Command, who will re-allot to another District. Only in exceptional cases should Districts have to surrender to the Command, and such surrendered vacancies will always be re-allotted within the Command unless such re-allotment would mean sending an insufficiently prepared student to the course.

(iii) Districts will forward to schools a nominal roll of the students attending (exclusive of R. A. and R. E. students) 15 days before a course commences.

A. H. Q. will supply the school with a nominal roll of R. A. and R. E. students by the same date.

(iv) There will be no correspondence direct between schools and formations and units on the subject of the allotment of vacancies, except in the case of—

(i) the Royal Tank Corps School,

(ii) the Small Arms School, Ahmednagar Wing, as regards the "pool", and

(iii) all schools, as provided for in I A O 279 current.

(v) Schools will report to Army Headquarters, immediately on receipt of the nominal roll of students, any discrepancy between the vacancies allotted in I A. Orders and those shown on the nominal rolls received from Districts.

7. Units moving in relief (*British and Indian*)—

Units due to move in relief during the cold weather season will submit their returns forthwith to their Brigade or Brigade Area headquarters, who will pass them direct to the Brigade or Brigade Area into which the unit is moving. In the case of units coming from overseas, the full number of vacancies for which the unit is entitled for one year must be allotted by the District into which the unit is moving, any readjustment found necessary, being made subsequently

8. Indian Units Serving Overseas—

(1) Units serving in Iraq, Hong Kong and the Malay States will not receive vacancies at schools of instruction in India during their overseas tour.

(2) In the case of a unit under orders for any of the above stations, vacancies at schools, within the proportion for the period of tour of duty overseas, on the basis of this order, will be allotted during the twelve months preceding embarkation in such numbers as the unit can conveniently take up and as will not unduly reduce those available for other units.

(3) On the return of a unit from overseas to India, the District concerned will arrange for it to have an increased allotment of vacancies at army schools with a view to bringing its quota of trained instructors up to the prescribed numbers with the least possible delay.

9. Small Arms School Vacancies—

Table "A" shows that officers and other ranks of R. A, Signals and S. & M. will get no vacancies at the Small Arms School.

Districts will be responsible that arrangements are made for certain selected n. c. os. from these arms and branches of the service to undergo a weapon training course with the training cadre of a regular battalion in the District, or for their attendance at a local course.

I. A. O. 664. Soldiers Service—B. A.—1928.—War Office letter No. 27|General|8704 (A.G.-2-A), dated the 11th September 1928, re-published below, is made applicable to India.

With reference to paragraph 227 (*a*), King's Regulations, 1928, under which extension of service to complete 12 years with the Colours will be subject to vacancies existing in the annual quota allowed, I am commanded by the Army Council to inform you that cases have recently occurred in which soldiers of British Cavalry and Infantry units in India have been granted special furlough to the United Kingdom under the authority of paragraph 924, Regulations for the Army in India, 1926, although no vacancies existed within the current annual quota of extensions allotted to the unit concerned, and the normal Colour service of the soldiers expired before the next quota came into force.

I am to say that, in the opinion of the Council, the certificate added by unit commanders to the agreement signed by the soldier under the above quoted regulation cannot be held to cover such cases ; but, at the same time, it is recognised that in Arms in which " holding " under Section 87, "

Act is in force cases may occur of a soldier being earmarked by his commanding officer for extension in the annual quota subsequent to the date of expiry of his normal Colour service. I am therefore to request that unit commanders may be instructed that in all such cases they must inform the officer-in-charge records accordingly, in order that the latter may apply for special permission for extension to be carried out at once but to count against next year's quota, failing which he has no alternative but to refuse the extension and transfer the soldier to the Army Reserve on the date of the completion of his normal Colour service.

Captain Murray Webb-Peploe, M.C., and Mr. Leslie Wright, both late R. A., are visiting stations in India in accordance with the following Tour Programme.

A series of lectures will be delivered in each station commencing with a lantern lecture on "Both sides of the civil war in China" by Captain Webb-Peploe.

This *ex*-officer's experience in the Great War and later in China as a medical missionary gave him opportunities to study the Chinese question from a unique point of view which should make his lecture particularly interesting to officers of the Services.

Officers Commanding Stations are invited to give the Delegation all possible opportunities for the lectures to be given in barracks or convenient lecture rooms and to be afforded the widest possible publicity.

Practice will be conducted throughout with a view to obtaining the maximum of instruction. Even if a battery has entered for the cup, it will not be permitted to fire the more advanced series chosen for the competition if the Commandant, School of Artillery, considers that, owing to the state of training of the battery, it could obtain better value from firing the ammunition in more elementary series.

Commands will be notified by Army Headquarters by 1st July each year of the dates between which the Commandant, School of Artillery, will be available to superintend the shooting for the cup and they will notify the Chief of the General Staff, by 1st September, which batteries desire to compete during the ensuing practice camp season, giving the places and dates proposed for the practice of each battery.

7. *Results*—The Commandant, School of Artillery, will forward to the Adjutant General in India, at the conclusion of the practice of each battery, the marks gained by it in the cup competition. The result will be notified in I. A. O.

PART III

2. No family will be permitted to proceed overseas at the public expense if the husband is due to return home during the same trooping season.

When the husband is due to return during the following trooping season, he will have the option of electing to leave his family at home and will be consulted accordingly before application for the passage of his family is submitted In other cases a family on the married quarters roll will proceed overseas when accommodation is available.

3 Subject to paragraph 2 above, families will be despatched to overseas garrisons as under :—

India—

(*c*) Other families who are eligible to proceed and for whom officers i/c records have ascertained that accommodation in the garrison to which they are proceeding is available.

Officers i/c records will ensure that applications for passages for such unaccompanied families are submitted to the War Office as early as possible in the trooping season, so as to avoid congestion at the end of the season and consequent hardship to families should they be shut out till the following year.

A. F. A.-19, on behalf of families returning abroad after having been invalided home, will be accompanied by an application for the special sanction referred to in paragraph 402, Allowance Regulations, 1924.

"You are warned that if you fail to embark to join your husband when so ordered the issue of marriage allowance to you is liable to be stopped."

INDIA ARMY ORDERS.

I. A. O. 753. Secretary of State's Weekly List No. 41, dated 11th October 1928.—Secretary of State's Weekly List No. 41, dated 11th October 1928, of Military Officers, etc., of the Indian Establishment, permitted to return to duty, granted extensions of leave, or retiring from the service, etc., is issued with this Order.

11281|M.S.-3.

I. A. O. 754. Royal Artillery Survey Course—At the Royal Artillery Survey Course, held at the School of Artillery, Kakul, this year, practical instruction was retarded owing to the shortage of certain survey instruments. To avoid this, students selected to attend R. A Survey Courses will bring with them certain survey stores as detailed by the Commandant, School of Artillery.

2. The Commandant, School of Artillery, will be notified one month before the course commences of the units from which students are selected and he will inform the officers commanding concerned what survey instruments will be brought to the School by students. These instruments will be returned to units on completion of the course.

3. The scale of survey stores authorised for H. Q. Brigades and Batteries, R. A, is given in Army Instruction (India) B.-3 of 1926.

25716|G.S., M.T.-1.

I. A. O. 755. Technical Inspection Reports—Mechanized Brigades and Batteries, R. A.—The submission of I A. F. I.-1131-C. for mechanized brigades and batteries of Royal Artillery is not required.

2. Reports by technical inspectors of mechanical transport will be submitted in accordance with "Regulations for the Mechanical Transport Service in India", para 10.

I. A. O. 756. Pensions—Indian Army.—Former service of men of Animal Transport Units. Reference Army Department letter No. A.|49975-3-A G.-14 (A.D.-2), dated the 29th October 1928 (republished below), Officers Commanding Animal Transport Units will now obtain from men concerned a definite pronouncement as to whether they wish to count their former service; if so, steps will be taken to recover gratuities accordingly.

To

THE ADJUTANT GENERAL IN INDIA.

Refund of gratuity by men of Mule Transport Units.

SIR,

In supersession of Army Department letter No. A.|40631|3 (A.G.-14), dated the 6th May 1927, the Government of India have decided that men

of Mule Transport Units, who are at present serving under the terms of Army Department letter No. 7575, dated the 24th May 1917 [re published as an appendix to Army Instruction (India) No. 742 of 1919], but who have not yet refunded the gratuities received by them in respect of their previous non-combatant service, should, if they wish to count such service towards a combatant pension, be permitted to do so, provided that the gratuities received in respect thereof are refunded in not more than twenty instalments, with effect from the date of this letter or before the date of discharge, whichever is earlier.

A.-49975|A.G.-14.

I. A. O. 757. Pensioners—Indian Army.—Although wide publicity has already been given to the subject, representations continue to be received that many Indian Military pensioners are unaware of the special arrangements under which (i) pensions of the infirm, or of females not accustomed to be seen in public, may be drawn by representatives, and (ii) pension may be drawn by money order

These special arrangements are explained in detail in paragraphs 94 and 95 of Financial Regulations, India, Part I. H E. the C in C. desires that all local military officials whose duties bring them in contact with pensioners shall make these arrangements known as widely as possible. Commanding Officers will arrange for them to be explained to Indian ranks discharged from the service or transferred to the reserve with a view to dissemination amongst pensioners.

A.-44230|A.G.

I. A. O. 758. Accounts—The use of temporary receipts in lieu of Receipt Vouchers on I. A. F. Z.-2096 or of receipts on Supply Orders I A. F. Z-2135 or Transport Indent Forms I. A. F. Z-2150 is forbidden.

2. Most of the troubles in connection with accounts in the I. A. S. C. have arisen from temporary receipts being accepted, with the result that the official receipts have often been incorrect, the day book and ledger have not been written up daily, pending receipt of official vouchers, and actual balances of stock have not agreed with ledgers owing to temporary receipts not having been entered up.

3. If a general requisition form I. A. F. Z-2091 cannot be complied with in full immediately :—

(a) the R. & D voucher will be altered to the actual amount issued, the alteration being attested with full signatures by both parties ;

(b) the day book and ledger entries will be made to correspond with the altered R. & D. voucher ;

(c) fresh R. & D. vouchers will be prepared for the balance when issued ;

(d) both R. & D. vouchers referred to above will be connected up with the original I. A. F. Z.-2091.

13th November 1928.

4. Actual issues, as made, will be entered on the reverse of I. A. F. Z-2135 and signed. When the order is fully complied with, the entries at foot of the front will be completed and signed for.

5 If the indent is not fully complied with on one day, completion certificate (ii) on I. A. F. Z-2150 will be completed and signed daily for the actual transport so received.

9317|Q.-4.

I. A O 759. **Equipment of Units leaving India.**—Reference scale of equipment to be taken by units moving to Imperial stations, shewn in the appendix to I A O. No 811 of 1927 In cases where it is laid down that home pattern stores are to be taken, units concerned will demand such stores from the arsenal on which dependent ; and, if intimation is given that they are not available, the unit will arrange to return the Indian pattern articles to I A. O C charge, and move without the home pattern equivalent

2 This Order is applicable to all Ordnance Stores except in the case of "Mountings, tripod, .303-inch" for machine guns, which will be completed with Indian pattern legs if home pattern are not available. In no other circumstances will Indian pattern stores be taken out of India

9000|Q.M.G.-12.

I. A O 760. **Artillery Equipment—Cases Q. F. Cartridge.**—A large number of fired Q. F cartridge cases received back from units are found to be very badly damaged and a high percentage beyond repair.

Commanding Officers will ensure that the utmost care is taken in handling and packing these cases

The cases will be re-packed in the boxes in which supplied and returned to Arsenal, the clips being replaced on the cases which have them.

A careful check of all fired cases will be made on return from units and all deficiencies will be charged to the unit

I. A O. 814 Correspondence for the M. T. Depot and the C M T. S. Depot, Chaklala—India Army Order No. 593 of 1927 is republished :—

"Some misunderstanding appears to exist with regard to the functions of the Mechanical Transport Depot and the Central Mechanical Transport Stores Depot, both located at Chaklala. Correspondence is being incorrectly addressed and, in some instances, letters intended for both units are enclosed in one envelope

2 The M T. Depot, Chaklala, deals with the recruitment and training of Indian M. T drivers, while the C. M T S. Depot, Chaklala, deals with the supply of M T Stores, spare parts, etc. They are distinct formations, and all correspondence for either must be correctly addressed so as to differentiate between the two".

I. A. O. 815. Supply of Clothing and Boots to Units in the Burma Independent District—With effect from the 1st of January 1929, all stations in the Burma Independent District will be dependent on the Mingaladon Arsenal for clothing and footgear, with the exceptions detailed in Regulations for the Equipment of the Army (India), Part I, 1927, Table 17, footnotes 1 and 2

2. All indents received by the O. O., Cawnpore, for footgear, and by the O. O, Madras Clothing Depot, for clothing stores, before the 1st January 1929, will be complied with by those officers

3 Regulations for the Equipment of the Army (India), Part I, 1927, will be amended.

60133|Q -10.

14th December 1928.

I. A. O. 816. Preparation of Indents for Ordnance Stores and Clothing.—During 1927-28, over 24,000 indents (or 17 per cent. of the total number received) had to be returned to indentors by I. A. O. C. establishments for further information before they could be complied with.

2. Indents are checked on the data shewn on them by indentors, and these figures point to laxity on the part of units in the preparation of their demands

3. Attention of Os. C. units is drawn to the orders laid down in Regulations for the Equipment of the Army (India), Part I, 1927 (particularly paragraph 23), compliance with which will avoid unnecessary correspondence and delay in the supply of ordnance stores and clothing.

67888|Q.-10.
